A HEARTY WALK ALONG HIJERTESTIEN

At Nyborg Strand, the Hjertestien trail and beautiful jogging routes are right on the doorstep. Hjertestien runs through the woods and along the beach and can be used night and day, whenever you feel like a brisk walking or run. Along the pre-marked exercise trail, there are signs bearing the Danish Heart Foundation logo. Hjertestien is disabled-friendly and suitable for running.

BY THE SHORE AT THE EDGE OF THE WOODS

The sea foams towards you, and the woods are only 50 meters from the main entrance to Nyborg Strand. We live at the edge of Christianslund woods, which extend into Teglværksskoven woods. The woods are an open invitation for walking, jogging or cycling, or just for a deep, deep breath. We can also arrange for a picnic lunch, with a packed picnic hamper.

COMPREHENSIVE ART

Paintings, sculptures and art installations have for many years been a fixture and an inspiring part of a visit to Nyborg Strand. Throughout the hotel rooms, premises and buildings are artistic experiences for the enjoyment of both staff and guests.

Kunstoffonden Nyborg Strand was established in connection with the inauguration of the new Multihus venue in 2007. Since the establishment of Kunstforeningen, repatriating art to the hotel has been a high priority in the budget. You can borrow an art folder from reception and go exploring!
